QUESTION 1

View the central management configuration shown in the exhibit, and then answer the question below.

```
config system central-management
    set type fortimanager
    set fmg "10.0.1.242"
    config server-list
         edit 1
              set server-type rating
              set server-address 10.0.1.240
         next
         edit 2
              set server-type update
              set server-address 10.0.1.243
         next
         edit 3
              set server-type rating
              set server-address 10.0.1.244
         next
    end
    set include-default-servers enable
end
```

Which server will FortiGate choose for antivirus and IPS updates if 10.0.1.243 is experiencing an outage?

A. 10.0.1.244

B. Public FortiGuard servers

C. 10.0.1.240

D. 10.0.1.242

Correct Answer: B

QUESTION 2

Which of the following statements about bulk configuration changes using FortiManager CLI scripts are correct? (Choose two.)

A. When executed on the All FortiGate in ADOM, changes are automatically installed without creating a new revision history.

- B. When executed on the Remote FortiGate directly, administrators do not have the option to review the changes prior to installation.
- C. When executed on the Device Database, you must use the installation wizard to apply the changes to the managed FortiGate.

2024 Latest geekcert NSE7_EFW-6.0 PDF and VCE dumps Download

D. When executed on the Policy Package, ADOM database, changes are applied directly to the managed FortiGate.

Correct Answer: BC

QUESTION 3

What is the purpose of an internal segmentation firewall (ISFW)?

- A. It is the first line of defense at the network perimeter.
- B. It inspects incoming traffic to protect services in the corporate DMZ.
- C. It is an all-in-one security appliance that is placed at remote sites to extend the enterprise network.
- D. It splits the network into multiple security segments to minimize the impact of breaches.

Correct Answer: D

QUESTION 4

View the exhibit, which contains the output of a diagnose command, and then answer the question below.

```
