QUESTION 2

DRAG DROP

The Adapter Match Rules tab provides the developer the access to resolve match rule issues during interrogation of an application and during maintenance of the solution. The Match Rules tab contains four areas. Drag each Area on the left to the correct Area Description.

Select and Place:

Answer Area

ř.	Area	Area Description
Target		A filtered list of all the interrogated targets and similar targets found in the application
Match Rules		An editable grid of a highlighted target that also enables testing of the target's properties
Selected Target		A list of associated match rules and available match rules for the highlighted target
Selected Match Rule		A grid of a highlighted match rule that allows for rule customization, if necessary

Correct Answer:

QUESTION 5

DRAG DROP

When interrogating a Windows control, the drag and drop Default interrogation method does not work. You decide to use the Create Control option to interrogate the control. From the Interrogation Steps list, move all of the options to the Ordered Interrogation Steps column and place them in the correct order.

Select and Place:

Interrogation Steps	Ordered Interrogation Steps
On the application's designer tab, select the Windows tab.	
Navigate to the window containing the control.	
Click List Windows.	
Confirm the control using Highlight .	
Expand the windows to locate the control.	
Select Create Control from the right-click menu.	

Correct Answer:
