QUESTION 1

The \\'training venue specifications\\' work package is now complete. All products have been approved by the Training Delivery Manager, as specified. The work package noted that the Training Delivery Manager should be sent the completed products. Therefore, the team manager sent the products to the Training Delivery Manager without notifying the project manager, and updated the team plan to reflect that the work package has been delivered and no further work is required.

Has the team manager completed the required actions for the \\'deliver a work package\\' activity, and why?

A. Yes, because the team manager followed the procedure for completed products defined in the work package

B. Yes, because the Training Delivery Manager was the named approver in the product descriptions

C. No, because the team manager should update the configuration item records before the work package is complete

D. No, because the project manager should be notified in order to update the configuration item records

Correct Answer: D

QUESTION 2

During stage 3, the operational staff that handle course bookings asked for the project scope to be increased for an online booking function. The additional product has been as it will enable them to process bookings more quickly and

accurately.

Is this an appropriate application of the `focus on products\\' principle, and why?

A. Yes, because the goal is to seek opportunities to implement improvements after the life of the project.

B. Yes, because the project needs to fulfill stakeholder expectations by delivering the products required.

C. No, because there needs to be an understanding of the products from the start of the project.

D. No, because existing product descriptions provide a means to estimate effort to planning.

Correct Answer: B

QUESTION 3

This question provides a number of changes which may or may not be required to the Extract from the Communication Management Strategy provided in the additional information. What statement applies to the Records section?
