QUESTION 1

What is a technical benefit of User-ID in relation to policy control?

- A. It matches traffic against policy to check whether it is allowed on the network.
- B. It allows all users to designate view-only access to itinerant personnel.
- C. It improves safe enablement of applications traversing the network.
- D. It encrypts all private keys and passwords in the configuration.

Correct Answer: B

QUESTION 2

Which two Cloud-Delivered Security Services (CDSS) would be appropriate for an organization that wants to secure internet traffic on a perimeter firewall? (Choose two.) Select 2 Correct Responses

- A. WildFire
- B. Advanced URL Filtering (AURLF)
- C. Autonomous Digital Experience Management (ADEM)
- D. SD-WAN

Correct Answer: AB

QUESTION 3

What file is needed from a firewall to generate a Security Lifecycle Review (SLR) report when creating the SLR?

- A. tech support file
- B. Panorama plugin registration file
- C. stats dump file
- D. system process core file

Correct Answer: C

QUESTION 4

Which three of the following are features of the Palo Alto Networks Next-Generation Firewall (NGFW) that differentiate it from a stateful inspection firewall? (Choose three.)

Select 3 Correct Responses

- A. Login-ID
- B. User-ID
- C. App-ID
- D. Network-ID
- E. SSL/SSH Decrypt

Correct Answer: BCE

QUESTION 5

A customer has enabled the Threat Prevention subscription on their Palo Alto Networks Next-Generation Firewall.

How will the performance of the firewall be affected if the customer also enables both WildFire and User-ID?

- A. The maximum throughput performance will be reduced, but the impact will vary based on the firewall model being used.
- B. Enabling User-ID will have no additional performance impact, but enabling WildFire will reduce throughput.
- C. There will be no additional performance impact to the firewall, and throughput will remain the same, regardless of firewall model.
- D. Enabling WildFire will have no additional performance impact, but enabling User-ID will reduce throughput.

Correct Answer: C
