QUESTION 1

Your CTO is concerned over misuse of corporate storage assets because an employee was found to be hosting a music library on one of the SANs storage arrays. You have been instructed to provide some level of device security to the corporate FC SAN. FC has a number of cost- effective (free) industry standard protection mechanisms that provide or restrict user access to SAN resources.

Which two FC provided mechanisms would you implement first? (Choose two.)

A. LUN masking

B. Device authentication and authorization

C. Zoning

D. Key management system

Correct Answer: AC

QUESTION 2

A security audit reveals deficiencies in your company\\'s FC zoning practices. Your manager asks you to make a recommendation to implement the most secure FC zoning possible. Your company is using switches from a single vendor.

What do you recommend?

A. All zones should use frame-based hardware enforcement using pWWN identification exclusively for all configurations.

B. All zones should use software-based enforcement using pWWN identification exclusively for all configurations.

C. All zones should use frame-based hardware enforcement using destination port identification exclusively for all configurations.

D. All zones should use software-based enforcement using destination port identification exclusively for all configurations.

Correct Answer: A

QUESTION 3

Click the Exhibit button.
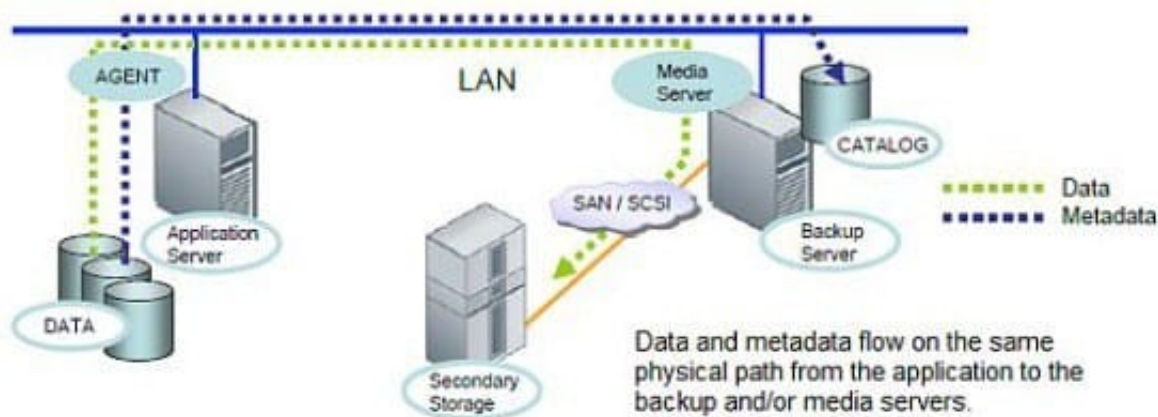

Referring to the exhibit, which backup type is represented?

A. Server-free backup

B. Cloud backup

C. LAN-free backup

D. LAN backup

Correct Answer: D

QUESTION 4

You have been asked to secure your FC switches in the data center. Unsecure protocols have already been disabled but you also need to restrict access to the switches only from specific IP addresses located on the production network.

What should be used?

A. Roles

B. VSAN

C. ACL

D. Zone

Correct Answer: C

QUESTION 5

You have twelve 500 GB drives and you need to provide two LUNs using RAID 6 protection for a customer.

What will be the size of each LUN?

A. 1.5 TB

B. 1.75 TB

C. 2 TB

D. 2.25 TB

Correct Answer: C
