QUESTION 1

You have a Microsoft 365 subscription.

A. Recipients: "user""#1-2""@contoso.com"

B. Recipients: ("user1@contoso.com" "user2@contoso.com")

C. Recipients: ("user""#1-1""@contoso.com")

D. Recipients= "user1@contoso.com" OR Recipients= "user2@contoso.com"

Correct Answer: C

Recipient expansion

When searching any of the recipient properties (From, To, Cc, Bcc, Participants, and Recipients), Microsoft 365 attempts to expand the identity of each user by looking them up in Microsoft Entra ID. If the user is found in Microsoft Entra ID,

the query is expanded to include the user\\'s email address (or UPN), alias, display name, and LegacyExchangeDN. For example, a query such as participants:ronnie@contoso.com expands to participants:ronnie@contoso.com OR participants:ronnie OR participants:"Ronald Nelson" OR participants:"".

QUESTION 2

HOTSPOT

You have a Microsoft 365 E5 subscription that contains the devices shown in the following table.

Name	Platform	Microsoft Intune
Device1	Windows 11	Not enrolled
Device2	macOS	Enrolled

You need to onboard the devices to Microsoft Purview. The solution must ensure that you can apply Endpoint data loss prevention (Endpoint DLP) policies to the devices. What can you use to onboard each device? To answer, select the appropriate options in the answer area.
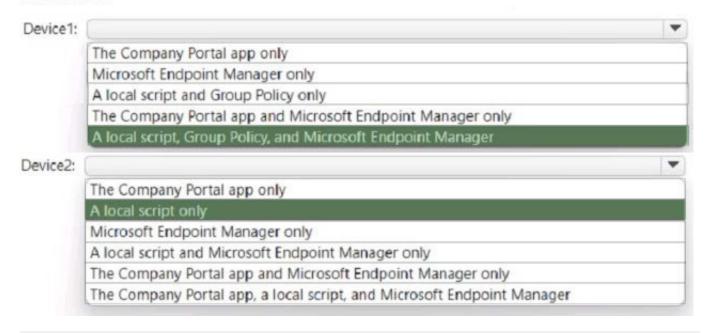

NOTE: Each correct selection is worth one point.

Hot Area:

Answer Area

Device1:

| The Company Portal app only |
| Microsoft Endpoint Manager only |
| A local script and Group Policy only |
| The Company Portal app and Microsoft Endpoint Manager only |
| A local script, Group Policy, and Microsoft Endpoint Manager |

Device2:

| The Company Portal app only |
| A local script only |
| Microsoft Endpoint Manager only |
| A local script and Microsoft Endpoint Manager only |
| The Company Portal app and Microsoft Endpoint Manager only |
| The Company Portal app, a local script, and Microsoft Endpoint Manager |

Correct Answer:

Answer Area

Device1:

| The Company Portal app only |
| Microsoft Endpoint Manager only |
| A local script and Group Policy only |
| The Company Portal app and Microsoft Endpoint Manager only |
| A local script, Group Policy, and Microsoft Endpoint Manager |

Device2:

| The Company Portal app only |
| A local script only |
| Microsoft Endpoint Manager only |
| A local script and Microsoft Endpoint Manager only |
| The Company Portal app and Microsoft Endpoint Manager only |
| The Company Portal app, a local script, and Microsoft Endpoint Manager |

QUESTION 3

You have a Microsoft 365 E5 subscription that contains the users shown in the following table.

Name	Department
User1	Finance
User2	Research
User3	Finance

You need to prevent users in the finance department from sharing files with users in the research department. Which type of policy should you configure?

A. communication compliance

B. information barrier

C. Conditional Access

D. insider risk management

Correct Answer: B

QUESTION 4

You have a Microsoft 365 E5 subscription.

You need to identify personal data stored in the subscription and control the transfer of personal data between users and groups.

Which type of license should you acquire?

A. Microsoft Purview Audit (Premium)

B. Priva Privacy Risk Management

C. Microsoft 365 E5 Compliance

D. Priva Subject Rights Requests

Correct Answer: B

QUESTION 5

HOTSPOT

You have a Microsoft 365 E5 tenant that contains the users shown in the following table.

Name	Role
User1	Global Administrator
User2	Compliance admin

You have a retention policy that has the following configurations:

1.

Name: Policy1

2.

Retain items for a specific period: 5 years

3.

Locations to apply the policy: Exchange email, SharePoint sites

You place a Preservation Lock on Policy1.

For each of the following statements, select Yes if the statement is true. Otherwise, select No.

NOTE: Each correct selection is worth one point.

Hot Area:

Answer Area

Statements	Yes	No
User1 can remove Exchange email from the locations	○	○
User2 can increase the retention period to seven years	○	○
User1 can decrease the retention period to three years	○	○

Correct Answer:

Answer Area

Statements	Yes	No
User1 can remove Exchange email from the locations	○	●
User2 can increase the retention period to seven years	●	○
User1 can decrease the retention period to three years	○	●

When a retention policy is locked:

1.

No one, including the global admin, can disable the policy or delete it

2.

Locations can be added but not removed

3.

You can extend the retention period but not decrease it
