Microsoft Defender for Cloud Apps portal.

Correct Answer:

Answer Area

Insider risk management is configured from the

Microsoft 365 admin center.
Microsoft 365 compliance center.
Microsoft 365 Defender portal.
Microsoft Defender for Cloud Apps portal.

Microsoft 365 Compliance center.

Add users to an insider risk management role group

Complete the following steps to add users to an insider risk management role group:

1.

Sign into Microsoft Purview compliance portal using credentials for an admin account in your Microsoft 365 organization.

2.

In the Security and Compliance Center, go to Permissions. Select the link to view and manage roles in Office 365.

3.

Select the insider risk management role group you want to add users to, then select Edit role group.

4.

Select Choose members from the left navigation pane, then select Edit.

5.

Select Add and then select the checkbox for all users you want to add to the role group.

6.

Select Add, then select Done.

7.

Select Save to add the users to the role group. Select Close to complete the steps.
