Correct Answer: D

**QUESTION 4**

John, a part-time hacker, has accessed in unauthorized way to the www.yourbank.com banking Website and stolen the bank account information of its users and their credit card numbers by using the SQL injection attack. Now, John wants to sell this information to malicious person Mark and make a deal to get a good amount of money. Since, he does not want to send the hacked information in the clear text format to Mark; he decides to send information in hidden text. For this, he takes a steganography tool and hides the information in ASCII text by appending whitespace to the end of lines and encrypts the hidden information by using the IDEA encryption algorithm.

Which of the following tools is John using for steganography?

- A. Image Hide
- B. 2Mosaic
- C. Snow.exe
- D. Netcat

Correct Answer: C

QUESTION 5
