Fortunately, Ms. Mason has the unusual ability to transform a tedious legal contention into an account.

- A. arid
- B. erratic
- C. improbable
- D. absorbing
- E. interminable

Correct Answer: D

The use of the word "fortunately" shows that the unusual ability of Ms. Mason is a desirable one.

So, the result of the transformation of the tedious legal contention must have been something more desirable.

Among the choices, it is only the word "absorbing" that represents a desirable quality. So, "absorbing" is the answer.

QUESTION 3

Passage 1 "It is obvious that the legal driving age in the United States needs to be adjusted. Although the driving age has been sixteen for many years, studies show that kids of such a young age are not yet capable of understanding the deep responsibility that comes with operating a motor vehicle. Sixteen-year-olds, while old enough to see R-rated movies, are still children in many ways. Psychologists agree that people of this age do not have the cognitive awareness to make major life decisions, yet operating a vehicle on the road forces them to do just that. If the driving age were to be raised to eighteen, there would be far fewer accidents and casualties on the American roadways. People must

understand that sixteen-year-old drivers are a danger to themselves and others when allowed to drive unsupervised."

Passage 2 "The legal driving age in the United States has remained the same for many years for one primary reason: it is fair and reasonable. While young, sixteen-year-olds are certainly old enough to undertake the responsibility of driving alone. Because these teenagers are made to practice for a year with a learner's permit and then to pass a test proving their skills, there is no reason to suggest that they cannot handle a motor vehicle effectively. Those that assume that sixteen is too young to drive often forget to consider the large number of responsibilities teenagers already handle on a day-to-day basis in today's world. Things like homework, after-school activities, family responsibilities, and social events all must be carefully maintained in order to make life work. If a sixteen-year-old can handle these daily responsibilities, they can certainly handle driving a car. The legal driving age is fair and should not be negotiated, now or ever."

Which statement best evaluates the author's point of view in the second passage?

- A. It would be best to lower the legal driving age.
- B. The best age at which a person can drive should be decided on a case-by-case basis.
- C. The current legal driving age is adequate.
- D. It would be best to raise the legal driving age.
