QUESTION 1

Which two actions must an administrator take to upgrade an application under cluster control? (Choose two.)

- A. verify the application agent supports the new version
- B. switch the application service group to another node
- C. freeze the application service group
- D. disable the application resources
- E. stop the cluster service on all systems

Correct Answer: AC

QUESTION 2

Which High Availability agent manages route table entries of overlay IP for failover across subnets in an Amazon Web Services (AWS) cloud environment?

- A. IPMultiNIC agent
- B. IP agent
- C. AWSRoute53 agent
- D. AWSIP agent

Correct Answer: D

QUESTION 3

A cluster is configured to use coordination point servers for data protection.

What happens to the service groups if connectivity between one of the nodes and the coordination point servers is lost?

- A. The service groups fail over to systems that remain connected to the coordination point servers.
- B. The service groups remain online, but offline groups are unable to come online.
- C. The service groups remain online and related messages are logged.
- D. The service groups are taken offline until connectivity is resumed with the coordination point servers.

Correct Answer: A

QUESTION 4

An administrator wants to configure a service group FailOverPolicy where VCS selects a system based on the forecasted available capacity for all systems in the SystemList attribute. Cluster attribute Statistics is set to Enabled.

Which FailOverPolicy must be selected?

- A. Priority
- B. Load
- C. RoundRobin
- D. BiggestAvailable

Correct Answer: D

QUESTION 5

Which capability is provided by Virtual Business Service (VBS)?

- A. the ability to monitor and alert the administrator to service group faults based on priority
- B. the ability to Start and Stop service groups in a pre-defined dependency order
- C. the ability to collect cluster HostMonitor data and availability reporting
- D. the ability to automatically move service groups to the disaster recovery site on production fault

Correct Answer: D
