QUESTION 1

An administrator runs a server backup to the Tape Library and has two backups created for the same server. The first backup contains the drive backup [C, D], and the second backup has the system state selected. When a virtual conversion of the server is attempted, the Convert to virtual option is greyed out.

What could be the reason for the Convert to virtual option being greyed out?

- A. Catalogs operation needs to be performed on the backup sets.
- B. The Convert to virtual option is unsupported on tape backups.
- C. Simplified Disaster Recovery (SDR) is disabled.
- D. The VMware and Hyper-V Agent needs to be installed.

Correct Answer: B

QUESTION 2

Which two types of information are stored in the Backup Exec Database? (Select two.)

- A. installation logs
- B. device and media information
- C. catalogs
- D. encryption keys
- E. debug logs

Correct Answer: BD

QUESTION 3

An administrator is trying to push-Install the Agent for Windows and the install fails. What should the administrator verify on the remote system?

- A. User Access Control (UAC) is enabled
- B. File and Print Sharing is enabled
- C. the target volume has Windows data deduplication enabled
- D. Windows Management Instrumentation (WMI) is disabled

Correct Answer: B

QUESTION 4

How should an administrator create a backup using the same settings as a backup job previously created?

- A. go to Backup txec settings > select the copy job settings option
- B. highlight the backup job to copy > right click on the backup > select copy
- C. highlight the backup job to copy > click CTRL + C
- D. go to the Backup and Restore tab > select Backup > select Create a New Backup Using the Settings from an Existing Backup

Correct Answer: D

QUESTION 5

An administrator is performing a complete online recovery of a system using a full backup followed by a series of incremental backups.

How many backup sets will need to be accessed by the Backup Exec server to complete the restore from the last incremental backup?

- A. 1
- B. 2
- C. 5
- D. 6

Correct Answer: C
